

# The Story of SJHS

---

By: Lucia Gardiner

# Students at St. Joe's are Winners

---

- We take pride in our achievements at SHJS. Not only is this photo meant to represent the physical trophies and awards we have, but also the personal and mental wins students achieve everyday. Whether it be as simple as acing a test or even achieving honor role, each student is somewhat a winner in some aspect of their highschool career.

# Physical fitness

---

- Much of our student body here at St. Joe is made up of athletes. This photo portrays the physical aspect of SJHS during an average day of gym class. Sports are a big part of St. Joe because there are so many talented athletes that spend so much time and energy dedicated to the sport/sports the student may play.

# Clubs available at SJHS

---

- Many people see St. Joseph high school as a mainly sports focused school when speaking of activities, but st. Joe has many clubs to offer for people with more of a creative side. In this photo I show the St. Joe Choir practicing/preparing for upcoming masses and events. Other clubs include mock trial, theatre, abc club etc.

# SJHS if faithful

---

- St. Joseph high school is a symbol of catholicism. Through simple things like daily prayers, monthly masses and even the option to have confession during school is an important part of this school. This is a photograph of a stainedglass window hanging in the chapel.

# SJHS as a Family

---

- St. Joe is like a family. Since we are a small school we have more of an opportunity to get to know most of the students. In my photo, two students are laughing together. This is meant to symbolize That a friend is always near.

IT'S TIME TO TAKE A STAND

**BULLY**

Things to Do in This Classroom

1. Arrive on time
2. Be a good listener
3. Be respectful to others
4. Be responsible for your actions
5. Be a good student

# Anti-bully school

---

- Though the symbolic meaning of this photo is rather obvious, SJHS is always working towards a bully free zone. St. Joe even has an anti-bullying club to help raise awareness and help us understand how serious bullying can be.

# School Spirit

---

- SJHS has a lot of school spirit/spirituality. A symbol of our school spirit is the lockers that are decorated for some of the seniors here. We have Wildcat pride and support our athletes.

# Historic School

---

- The red brick building is such an old building, therefore, a perfect aspect of the historic side of st. Joe. This building was once used as apart of hammonton high school, while SJHS was still apart of the elementary school. Some rumors even say this building may be haunted.

# Safety

---

- SJHS strives for a safe environment. The fire hydrant is a perfect symbol of safety. We have fire drills and lock down drills once a month to ensure safety precautions.

# Friendly student environment

---

- This photo symbolizes a friendly student environment. In this photo the students seem to be enjoying class. At st. Joe, classes do not always have to drone on. They are also open freely to opinions and group discussions.
